

TURNING POINT YOUTH SERVICES (TPYS) MULTI-YEAR ACCESSIBILITY PLAN

INTRODUCTION AND STATEMENT OF COMMITMENT

In 2005, the government of Ontario passed the Accessibility for Ontarians with Disabilities Act (the "AODA"). It is the goal of the Ontario government to make Ontario accessible by 2025. The Integrated Accessibility Standards Regulations ("IASR") under the AODA require that effective January 1, 2014, Turning Point Youth Services (TPYS) establish, implement, maintain and document a multi-year accessibility plan which outlines the organization's strategy to prevent and remove barriers for persons with disabilities and to meet its requirements under the IASR.

Under the AODA, the following accessibility standards set certain requirements that are applicable to TPYS:

- Customer Service;
- Information and Communications;
- Employment; and
- Proposed Accessibility Standards for the Built Environment

This multi-year plan outlines TPYS' strategy to prevent and remove barriers to address the current and future requirements of the AODA, and in order to fulfill TPYS' commitment as outlined in P&S Policy 3.30 Accessible Customer Service (AODA).

In accordance with the requirements set out in the IASR, TPYS will:

- Establish, review and update this plan in consultation with persons with disabilities, as needed and as the agency complies with each of the requirements over time;
- Post this plan on its website (www.turningpoint.ca);
- Report as required on its website (www.turningpoint.ca) on the progress of the implementation of this plan;
- Provide this plan in an accessible format, upon request; and
- Review and update this plan at least once every five years.

CORE PRINCIPLES OF THE PLAN:

We endeavour to ensure that the plan and related practices and procedures are consistent with the following four (4) core principles:

- i. **Dignity** - Persons with a disability must be treated as valued persons as deserving of service as any other person.
- ii. **Equality of Opportunity** - Persons with a disability should be given an opportunity equal to that given to others to obtain, use and benefit from our services.
- iii. **Integration** - Wherever possible, persons with a disability should benefit from our services in the same place and in the same or similar manner as any other person. In circumstances where integration does not serve the needs of the person with a disability, services will, to the extent possible, be provided in another way that takes into account the person's individual needs.
- iv. **Independence** – Services must be provided in a way that respects the independence of persons with a disability. To this end, we will always be willing to assist a person with a disability but will not do so without the express permission of the person.

ACCESSIBILITY STANDARDS FOR CUSTOMER SERVICE

Commitment:

Since 2012, TPYS has been in compliance with the Accessible Customer Service Regulation under the AODA, and will continue to comply with that regulation.

The plan applies to all persons who, on behalf of TPYS, deal with clients, members of the public or other third parties. This includes our employees, volunteers, students, and contracted services, except where otherwise noted.

TPYS is committed to excellence in serving all clients, family members, and visitors, including persons with disabilities, and it will carry out its functions in a manner which delivers an accessible customer service experience.

TPYS is committed to providing its goods and services in a way that respects the dignity and independence of persons with disabilities. This commitment will be integrated wherever possible and will ensure that persons with disabilities will benefit from the same services, in the same place and in a similar way as other persons.

Action Taken:

The following measures have been implemented by TPYS:

1. Ensuring all persons who, on behalf of TPYS, deal with the public or other third parties, and all those who are involved in the development and approvals of customer service policies, practices and procedures, as well as all others providing services to our clients,

are trained to communicate and provide the best possible customer service to all customers, clients, family members and visitors, including persons with disabilities;

2. Ensuring staff are trained and familiar with various assistive devices that may be used by persons with disabilities who are accessing TPYS' goods or services;
3. Ensuring completion of accessibility training is tracked and recorded;
4. Offering to communicate with clients or other persons by email or if appropriate, in person, if telephone communication is not suitable to their needs;
5. Ensuring persons accompanied by a guide dog or other service animal in areas of TPYS open to the public are accommodated;
6. Ensuring that if a person with a disability is accompanied by a support person, the support person is accommodated;
7. Providing notice in the event of a planned or unexpected disruption of service or inaccessibility of facilities used by persons with disabilities, by placing such notices at all public entrances on TPYS premises. If the disruption is long-term, TPYS posts an announcement on its website informing persons of the location, duration of the disruption and alternate solutions;
8. Continuing to welcome and appreciate feedback from persons with disabilities through multiple communication channels;
9. Including the above-mentioned items in a TPYS P&S Policy 3.30 – Accessible Customer Service (AODA) which is accessible to all employees and is included on our website www.turningpoint.ca.
10. Reporting compliance with the customer service standard on the Accessibility Compliance Reporting tool at Service Ontario's One-Source for Business website.
